HealthHarmonie has been selected by Oxfordshire CCG to provide a community-based Hydroxychloroquine screening service for your patients. The service provides vital screening for patients who are currently taking hydroxychloroquine and chloroquine

**✓ Patients requiring screening**

You will have received a request asking you to compile a database of patients that have been taking either Hydroxychloroquine or Chloroquine for the past 5 years.

You should provide the patients with consent letters informing them of their need for screening.

All databases of patients for transfer into screening should be sent to **hh.transfers@nhs.net**

**Diagnostics undertaken**

- Optical Coherence Tomography (OCT)
- Fundus Camera Imaging
- Visual Fields Testing
- Slit Lamp Examination

**Who are we?**

HealthHarmonie is an independent healthcare provider working on behalf of the NHS. We were established in 2003 and now provide services for over 20 CCGs and NHS Trusts in England

We provide community ophthalmology services in Reading and Berkshire, Nottingham and Birmingham and Solihull. These services are overseen by our clinical lead, Professor Stephen Vernon.

Eye care is just one of our disciplines. We also provide Dermatology, Gynaecology, Hand Surgery and Diagnostic Imaging
